

## **2022 PaSRBA Hopping Class Descriptions**

We have an exciting line up this year for the 2022 PaSRBA Rabbit Hopping Competitions! The Events will start at 9am on Sunday, February 6th. **Entry Fees: \$6.00/class, \$9.00/team . Please read the rules before entering any classes.** Any questions should be directed to Sally Turner, performance events show secretary at [rabbit\\_ranchers@yahoo.com](mailto:rabbit_ranchers@yahoo.com). Several Courses may be running simultaneously:

### **Course # 1 Events**

**(Beginners choose A or B, but may not enter both with the same rabbit)**

**Beginner A Straightline**- For those rabbits started into hopping, and their handlers. Minimum difficulty level, with no assistance given. The best of 3 runs is your score, with faults counted first, then time.

**Beginner B Straightline**- For those rabbits started into hopping, and their handlers. Maximum difficulty level, with no assistance given. The best of 3 runs is your score, with faults counted first, then time.

**\* Beginner Team Relay** - Pick your team name, your team of three handlers / their hoppers\*. Each team will choose a starting direction for the entire team. There will be 1 run through the Beginner Straight-Line Course B per each team member/rabbit. The combined 3 runs of each team (judged by faults first, then time) will determine the winners.

### **Course #2 Events**

**Intermediate Straight-Line** - This class is for those rabbits who are experienced & their handlers, who are up to the challenge of a competitive course, with higher jumps. May include special jumps such as a spread jump, V-jump, X-jump, or Water Jump. The best of 3 runs (judged by faults counted first, then time) will be your score.

### **Additional Events -**

**High Jump** - High Jump tests the limit of how high your Lagomorph can soar. Jump levels will increase 2 inches at a time from a starting height, with three attempts at each height. One practice jump each direction to see what your rabbit likes will start your run. How HIGH can your rabbit jump?

**Long Jump** - Long Jump tests the limit of how far your Lagomorph can leap. Jump length will increase 2 inches at a time from a starting length, with three attempts at each length. One practice jump will be given to warm up your rabbit. How far can your rabbit jump?
